United Sports Summer Camp General Information:

**United Sports Summer Camps are the Best Camp Around.
EMPHASIS on PERSONAL GROWTH, FRIENDSHIP & FUN!**

The central goal of United Sports Camps is to provide our campers with the safest, happiest and healthiest possible summer camp experience available.

Camp is a place where children grow. They have opportunities to try new things, make new friends and to become part of a team approach that fosters getting along and supporting the team. Camp teaches a strong sense of community.

Here at United Sports, we have a value system that promotes mutual respect, sportsmanship, tolerance and team building. It is a bonding experience that builds strong character skills that will serve our campers well in the future. It is a camp program that results in noticeable gains in each camper's physical, emotional and social development.

Campers learn more about themselves, more about their strengths, more about what they consider FUN, and more about what makes them uniquely special. The United Sports experience that we speak of offers our campers opportunities to increase their overall fitness and athletic abilities, while expanding their creative horizons and adding new interests. All of this is accomplished while our experienced staff nurtures in each camper a sense of accomplishment and self-worth.

Why Choose United Sports?
